ALASKA CRUISE - July 23-30, 2017 – ONLY 5 CABINS LEFT!

Our Alaskan seminars have always sold out well in advance. They elicited glorious photos and letters commenting that it was a trip of a lifetime. Many doctors have returned with their children or grandchildren for a second voyage. We're convinced that the wonderful company of fellow travelers, when combined with the great food, calm waters and magnificent vistas of Alaska, makes each one of these trips so special. Rick Steves, the well

known travel writer and TV host loved this cruise line. **Remember it is difficult to deduct other Alaska cruise lines because very few are American registered. This voyage is tax-deductible. If you have friends who might be interested, we would appreciate your sharing this with them.**

An Un-Cruise voyage is unlike any other vacation. Their mission is this: "Provide guests an enriching adventure travel experience and inspire an appreciation of local cultures and the natural world. Discover Southeast Alaska – unrushed, uncrowded, unbelievable as the Un-Cruise 84-guest Safari Endeavor meanders through the largest national forest in the United States – the Tongass National Forest – home to grizzly and black bears, mountain goats, bald eagles, deer and wolves. On the way to view Alaska's massive glaciers, the ship enters some of the world's deepest fjords to hike, kayak and explore the natural wonders of the stunning landscape. Magical encounters await cove after cove, passage to passage."

The Un-Cruise lifestyle emphasizes both adventure and comfort. On board you'll enjoy a casual environment, crew to guest ratio of one- to three, exemplary service, healthy flavorful meals, creature comforts like DVD players and iPod docks, memory-foam mattresses, hot tubs and sauna, on-deck yoga classes and exercise equipment, optional massage, experienced Expedition Leaders and Guides who know the local culture and topography; and a wide variety of activities.

The highlights according to the Un-Cruise contract: "With the Un-cruise, the ship provides a level of uniquely exclusive opportunities unlike any other product. We exclusively kayak, hike, go ashore to hike/walk on glacial ice inside Glacier Bay National Park & Preserve. We have more of a broad range of trail use permits with the US Forest Service and the largest volume of allowable day hikes of any small boat operator in Southeast Alaska. Our expertise and fully equipped vessels allow for some amazing remote opportunities in Glacier Bay – the only company with the permits to overnight in Glacier Bay National Park on each voyage. An expert National Park Service Ranger overnights on board with our guests providing in-depth natural interpretation. Our Open Bridge policy is a rarity, allowing guests a first-hand experience scouring the charts with the Captain or Mate and the ability to witness nature's wonders from the best seat in the house. We pride ourselves in spending maximum time in the wilderness to encounter more amazing wildlife spectacles and by doing so, increasing the opportunities to witness humpback whales bubble net feeding or breaching. Kayaking and paddle boarding are high demand and exhilarating activities that are virtually an exclusive with us."

The following is the Itinerary specifically designed for Collier & Associates:
