We're thrilled to have **Dr. Don Lewis as a special guest lecturer** on identifying and preventing employee fraud at this seminar. Dr. Don Lewis has been writing and lecturing on Embezzlement and Fraud for the past 25 years. He has written over 25 articles and published the first books dealing with the still growing issue of employee embezzlement. And, even after 25 years of traveling across the United States and Canada teaching courses on "Detection, Protection and Prosecution of Employee Embezzlement," he still has not lost his passion for this subject. Every year, we speak with several clients who have been the victims of embezzlement. This will be an especially valuable seminar as Don will explain most of the ways employees steal and how to take action to prevent it.
